FOR YOUR REFERRALS

# Beyond Grateful

Several staff members are celebrating big anniversaries this year. We are beyond grateful for all that they have contributed to the company.

Good Hair Doesn't  
Happen by Chance  
It Happens By  
Appointment

Did you know that you can book your appointments as far out in advance as you want? It is best to book out at least a year in advance. If you or the technician have to move anything around, it is better to have an appointment than not have one. Also, make sure your technician has given you a referral to another technician in case you need in sooner.

Do you need to know when your next appointment is? What product you purchased?

If you haven't downloaded the pocket salon app, you should. It is available in both the Apple and Google app stores. With the app you will have access to all current appointments you have booked, your service/provider history and your product history.

You will need to know the email address we have on file for you or you will create a new file which will not have access to any of your information. Simply email [info@zsalon.com](mailto:info@zsalon.com) and we can tell you what we have on file.

With the app you have access to your information at anytime.

# Stress-Fix

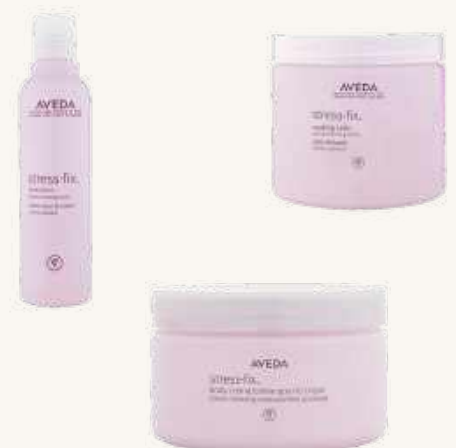

Do the holidays bring extra stress?

Aveda's Stress-Fix aroma is proven to reduce feelings of stress. It contains certified organic lavender, lavandin, and clary sage essential oils.
